

SHS 50th REUNION NEWSLETTER

Posted at <http://www.sayville.com/reunions.html>

Memories Were Made of This - Oct/Nov 2009

300 Days to Go! On August 6-8th, 2010 many of us will gather to revisit "older" friends and refresh 50-year old memories. This Newsletter is for you whether you are able to make the event or not. We are starting early want to hear from you. So send us a message or a memento for the Reunion Raffle or a donation for the Award created as a Class Legacy.

New SHS Graduation Award - Legacy of the Classes of 1959, 1960, 1961

The 50th Reunion Committee is seeking donations to form a Trust Fund to finance a "Class Spirit and Friendship" Award. The \$500 Award will be granted annually to a senior demonstrating outstanding Class Spirit and Friendship. The Award will be accompanied by a letter from the Alumni of SHS's Classes of 1959, 1960 and 1961 to be read at the Commencement Ceremony on Graduation Day starting in June 2010:

"In granting you the Class Spirit and Friendship Award, the Sayville High School alumni of the Classes of 1959, 1960, 1961 want you and your classmates to recognize and never forget the many memories and the fond friendships formed during your years at Sayville High School – they will last you and your classmates a lifetime."

The Award is created each year from interest and dividends earned by the Trust Fund established by your Reunion Committee and to be administered by Sayville High School. The Trust Fund is made up of a surplus from former Reunions and donations from alumni of the SHS Classes of 1959, 1960, 1961. To date we have placed \$3,200 into the Trust that includes \$500 already reserved for the 2010 Award.

Our target is \$5,000 by June 2010 and we are challenging each of the 50th Reunion Classes to raise \$800 – see page 10. The surplus from our future Reunions will continue to be donated to the Trust Fund. Donations may be included in your Reunion Registration payment or mailed to:

News and Views - Guess WHO? Drawn from Editor's SHS Classmate emailbag.

Our Rock Reporter. I was the first full-time rock journalist for a major newspaper, The New York Times. After covering rock and hanging out with a host of now-dead rock legends for several years I began career and as a novelist, won an early, major literary award, and published my 50th(and last) novel 2 years ago.- SHS '61

Retirin' in Georgia. I work for Equifax and am about to retire. It's one of the 3 major credit card reporting agencies. I work in the legal department as litigation analyst and I represent them in some court cases. I won't miss the stress and pressure. Although my husband and I got caught in the recent flood last Monday here in Georgia. Lost the first floor of the house. But "Yes! We had house insurance." - SHS '61

Easy does it. Dealing with some ongoing health issues that prevent me from taking a more active role. What you're doing sounds great and I'm sure all that you do will prove to be a success and a joy for all those working on the Newsletter. Regards to all and have an enjoyable Fall season. - SHS '60

We're almost there. You never know what the future holds. We should all try to make it to 2010 Reunion. "None of us are getting any younger." - SHS '62

Thanks for keeping me in the loop. Enjoy the updates and hope to make the reunion (the "Big 50") – SHS '59

Figure-Skating Grandma. I'll be off Thursday for a long weekend in Lake Placid for a skating competition. Hopefully it'll be our turn for a Miracle on Ice. It was a very long time ago that I got my nine-year-old son up very early in the morning to watch the Olympic torch being carried through the rural section of NJ where we lived on its way to Lake Placid for the opening ceremony. What a thrill that was for both of us. Take care, and I'm looking forward to seeing how far this Golden Years Blotter will go. Thanks again for the never-stopping work. - SHS '60

From North Carolina. We are currently getting ready to head out to Yellowstone, Grand Teton, Devils Tower and to visit the State of Idaho, the only one I have not toured as yet. Fall has started here in the mountains. I am sure you are well into it already. How large was our graduating class? I lost my yearbook about 25 years ago in a house fire. That puts me at a severe disadvantage when trying to remember fellow classmates. Hope you enjoy the coming weekend, - SHS '60

"I Remember Mama." Hi – Mike. Can't believe that you remember my nickname, Sissie. Yes, our mothers were the very best of friends. And I love your mother; she has always been so good to me; always offering her generosity. She introduced my mother and father when our mothers were working together at Blue Point Oyster Co? Your mother told me the story many times and I never tired of listening to it. I called her "Aunt Willie." She loved it when I called her that; I didn't know her any other way. How is your Mom? The last time that I saw her, she was failing. Please update me. I would love to visit with her. - SHS '60

Frank Costanza

Oh Ronnie! Received your e-mail reference to Ronnie Hill. I remember him so well. He lived on the same block as my family did. On our way to the beach, Diane Ball and I would always hope to see Ronnie. Couldn't count the number of girls who were crazy about him. Fond memories of an era long ago. For some reason I always believed he was involved in the corporate world. Guess I was mistaken. Take care and God Bless you and yours. - SHS '61

Michael Valenti

Greetings from the Don. Here's da family, taken a year+ ago. 'Tis nobody's business, but your difficulty in finding me is cause I was just released from the witness protection program 4 months ago! Also, Perry, I wanna ask you – I kinda always wondered way back when at SHS whether you did drugs. You were always in a *%#ing good mood with high energy; a mother *%#ing role model of an achievement focused guy. Keep up the good works...we're impressed and might wanna press you into family service as an organizer. - SHS '60

REUNION Feature	A RAFFLE of class mementos is featured Saturday evening. Is there something that you would like to donate/dedicate? A photo? A yearbook? Dedicate a dance/a song? Copies of the Blotter? Use your imagination - "Just for the fun of it!"
----------------------------	--

Saving Davis Park – Leja Beach. I for one am involved right now with the Fire Island National Seashore, NY State DEC, Town of Brookhaven Building and DEC, and Suffolk Co. on about 14 MILLION DOLLARS worth of housing at Davis Park on Fire Island that may be lost to the Ocean, condemned, and or left vacant this summer. - SHS '60

From the Cape. I have not been back to L.I. since last reunion. Might go for a visit after the Holidays. I am still loving the Cape and as much as I love my little house I am planning on converting an old barn that is on my daughter's property in West Barnstable. Something I always wanted to do. Only waiting for Zoning Board's approval. - SHS '60

Memories – Angus and the Pines. This picture was taken at the Pines – September 1988. Do you recognize anything? We had gone over on Neil's boat (read "yatch") for the day and ran across Angus and we all started looking for Brooke's condo – I think we were standing in front of it in one of the group shots – she wasn't home that day. We had a fun day. I recall "heinies" getting wet in a small rubber dingy we used to get into shore – a lot of yelling and laughing, too.

I remember being at the Pines a very, very long time ago (1950's) and driving in Mama's T-Bird and someone getting smacked in the face with a dead fish that was thrown from a dune. Hmmmmm? Was that Angus that got smacked in the kisser? Or Dick? I forget.

Whenever I go down to Sayville, I look out over the Bay and wonder where Angus is. Perhaps he's like the California Big Foot Sasquatch – only on Fire Island. It's nice to think that he's over there surviving and smiling back at us all. - SHS '60

Angus Whitaker, Barbara (Kinsey) Spare, Madeline (Bolger)/ Jeff Morris

Always a Giver. I'd like to throw this out to the universe and see what comes back. I've been working on building a reflective/memorial garden in Rotary Park. We have a new \$25,000 performance pavillion and an engraved walkway of bricks with family names on it. If anyone wants to get a brick with their family's name on it, it will cost \$60. Three lines of engraving, 15 characters per line. Send check and brick details to Reflective Garden at the Common Ground, PO Box 142, Sayville, NY 11782-0142. We are preparing for a new walkway this spring. Visit WWW.THECOMMONGROUND.COM – SHS '60

The Geriatric G Force has drawn many of us to retirement: Golf - Gardening - Grandchildren. Get your jolt of Golf on Friday at the Reunion. Contact TPowerBren@aol.com

So sorry. Thanks for sending the information. Sorry, I don't know anything about anyone on the "missing" lists. We always do a family trip the first two weeks of August, so I will not be able to attend the reunion. - '60

This is so much fun. You have made my otherwise dull Monday. I have a son getting married June 11 and since he is marrying a woman from El Salvador and the wedding is here, I'm playing the role of mother of the bride AND groom. I can contact some of the organizers from 2002, and see who we can dig up from the class of '62. I'll start building that directory and stay in touch. Thanks for the tips. - SHS '61

Preping for Charley. Well tomorrow night is going to be very interesting. We are going to get hit by Charley. I don't have to evacuate and I am going to sit it out. If I need any help my neighbors and a friend will come a-running. I may not be able to get back to you for a few days depending whether the electric is on or not. If you want to get back to me do it before Friday afternoon because that is the last time I am going to go into my e-mails to see what I have. I will e-mail everyone if I can after the hurricane has passed. - SHS '59

We'll Be Missing You. i am sorry that i will not be able to attend the reunion in august 2010. it sounds great and i hope you all have a wonderful time. - SHS '61

Driver sought – Washington D.C. Area. Thank you so much for all the material. I'm having a strange computer response. It let me in to view everything but wouldn't print anything. Now my security systems are blocking the attachments. Anyway, I did read the draft notice and am happy with everything. I gather the main days are Fri. and Sat. with the brunch. I don't know where any of the missing from 1959 are but hope they can be found as I knew several of them and hope they will attend. Finally, let me ask for those of us who cannot drive, in my case, I have a serious visual problem, and for whom getting there would be a real challenge, will there be any transportation offers? Advice? Maybe if someone near to me in Wash. DC drives. I could ride with him or her or them. As it gets closer to the time, I could find out who is actually coming and where they live. - SHS '59

See You There. Hi, Expect to be attending this awesome reunion. - SHS '59

Love ya Brooke. Just to say that Mr. Van Schaick changed my life. As a truly pitiful violinist in Jr. High and High School orchestra ... all those hours in rehearsals set the stage for me to love music forever. Love to him! - Brooke Mahoney, SHS '60

Migrating to Sayville. I'm astounded and delighted to learn that someone from SHS has ventured into the Alberta/NWT paradise. Sharon (Style) Olthius '60 also lives here; we had a lunch together once. But it seems that you really know about places here in the NW - Grey Nuns Conference Centre and Fort Chipewan and various NWT settlements. I really would enjoy hearing the low-down on how you found your way to Sayville from the NWT as my journey was the reverse traverse. - SHS '60

Jack Remembers "A Body." One of my favorite memories was about the Senior play "Meet A Body" when your gun got stuck in your pants and we had to ad lib the moment ... the audience laughed which delighted me as I believed that we played the moment perfectly. I doubt that anyone other than us would remember the event as it went seamlessly. My parents called me Jack because my Dad was John. I've used the name throughout my adult life both professionally as well as in my personal life. I have a consulting company and use the name in that as well. My joke is that "only school teachers and police officers call me John." Since 9-11 there has become some problematic financial and travel issues because "Jack" has been seen as a alias. Consequently my passport shows the "aka Jack" and this gets me through lines with relative ease. Occasionally a nincompoop can't figure it out and I am delayed. In short, I currently go by the name "Jack" but I usually get a lot of "John" at the reunion as that is what I was called in school. - SHS '60

SHS Flashes – The Heart-throbs. I've missed all previous reunions but hopefully will make the big 50th. We live out of state and haven't been back to NY for many years. I did unearth my yearbook and wow, that triggered lots of memories! One of the things I recall from the old days is cheering on the Sayville High basketball team with our fave trio of star players - Tom, Perry, and Dick - heartthrobs every one." - SHS '60

Life, love and hurricanes. My home and I survived the hurricane. Nothing exceptional except debris. I called Sue about a month ago and finally got a chance to visit. It was really good to see her and catch up on all that's happened over the last forty+ years. We had made plans to visit again but along came another hurricane (Jeanne) and I had to cancel. The day after the hurricane was a "changing day in my life". My second daughter decided she didn't want to be married anymore and moved in with me! My grandson spends two days a week and Saturdays with us. I've been reluctant to leave them during this time of transition but that's got to stop. I'm hoping she reconciles with her husband and they get back together. Ray came to visit for a weekend. Has he got a story. His health is really bad. Diabetes, open heart surgery, prostate cancer, bad knees ... - SHS '60

Remembering Harvey Henry. My sister forwarded your email. I am utterly flattered by your recollections of my basketball days. I was back in Sayville 2 years ago for the 45th Reunion and I toured the old gym just before they started turning it into a book depository. It gave me goosebumps to relive old times. Thanks for remembering. - Harvey Henry, SHS '58

Blush – A compliment. FINALLY GOT MY RESERVATION IN FOR THE BIG TO DO IN 2010--CAN YOU GIVE ME MORE INFO ON THE BEACHIN-SAILOR'S HAVEN FOR SAT.--WE WILL BE AT THE SNAPPER INN FRI. AND THE DINNER-N-DANCE SAT. HOPE ALL IS GOING WELL WITH THE COMMITTEE--YOU ALL HAVE DONE SUCH A WONDERFUL JOB--THANKS! - SHS '60

When Elvis Was King. My domicile was across the street from Lew & Ernie Gaiser, 207 Foster Ave. I dined, on occasion, with my parents at the Shoreham. My boat was docked in a "slit" at the "Port O Call", a marina at the foot of Foster Ave. As I recall, to the right of Foster Ave, going toward the bay, was a large mansion, right on the shore line, Perhaps "Greives" from N.Y. City, ... summer home. He collected expensive cars. Thanks for referring to my "retirement" car ... but it's a PORSCHE convertible. (Like James Dean & Janis Joplin drove.) That's ok, one should never seek status in a car. An old Italian "Mafia Don" once told me, "No matter how expensive that car is you're sitting in ... you're still only two feet from the gutter." Thanks for the photo ... the Principal, Harold J. Limouze ... dancing at my 46 year High School reunion, that was really unexpected ... to say the least. God bless him. Yes, I've always said take me back to the days, "When TV was black and white, ... and Elvis was a King". The good guys wore white hats, and had a strong moral fiber. During those "magical" teenage years we were all together. Yes, the people, town, school, and Great South Bay did shape our fondest memories. I hope things are going well with you. We all just got back from Denver, Colorado [much snow] to see my son who returned from Iraq. Instead of machine gun fights ... he is now feeding stranded cattle in the snow, with his Helicopter. Much better use of the Helicopter. - 'SHS '59

FLA Region Celebrates Feb '08 in Orlando. Hi guys, how was the pre-Reunion dinner party? Did many show up? We were sorry to miss seeing you all again. RESPONSE. What we lacked in #'s was made up for in enthusiasm and rich memories. A great warm-up for 2010 - and for me personally, as it was -55C back home. Bill White '59 sent a floral centerpiece and clams that hit the spot. Jim Ardito '60 brought cigars. Ray Garcia '60 brought gossip and jokes - all within bounds - with long-distance contributions from Everett Smith '60. - SHS '60

Canine's Screws Loose. Fran, that greyhound, Prizm, I told you about has an infection from a broken screw in the repair site. She has been in the hospital since Art took her on Friday. She'll have another surgery today and stay another couple of days, then he will drive down to pick her up. We were so afraid she would die or have her leg taken off. - SHS '60

Mindful of Teachers. I've been thinking about the reunion - hard to forget about it ... I noticed that Mr. Limouze is on the list and I remember he and his wife attended the last reunion I went to (my 33rd, I think). Anyway, is there any plan to see if other favorite teachers are alive and well and interested in joining us? I fondly remember Robert Erickson (US History and my homeroom teacher). I also worked with him for 4 years during the summer school - he was in charge and I was on the office staff. I have no idea if he's still around. Another teacher who was special was Dominic Vallone - actually 8th grade Science. I think he lived in Oakdale or West Sayville. Is there anyone on the committee at the Sayville end of the world who might investigate? RESPONSE. Marianne (Annuziato) Fulfaro is following up. - SHS '59

Take A Tour. [Historic Tour of Sayville and West Sayville Library](#) *Have a great weekend. Do keep in touch!* SHS '60

Good nite – and thank you for the wonderful memories.

TONIA LOUISE (ARONS) GROTE - SHS '60

"Mickey" passed away on February 9th, 2009, of cancer. Her infectious laugh, lovely character and always bright spirit lives on. One of the Idylewyde Gang that learned early how to party. She will be much missed at the next pajama party. Bowling, Girls Chorus, Girl's Glee Club, Intramurals, Modern Dance, Senior Play Cast, Sayville Senior.

For those of you with an analytic bent – as of 30-SEP-09

Classmates of '61 (and women) are the hardest to find.
 Classmates of '59 are less prone to use email.
 Classmates of '60 need to live a little ... longer.

Editorial Comment – Diverse and dispersed!

I have had the pleasure over the last 10 years of exchanging emails and chatting with many of you. I can tell you that there are some incredible stories among us - some just itching to be told of fame and fortune, adventure and tragedy, compassion, love and hate.

We have in common age, events of the last half-century and a common origin at Sayville High School. Today we are a diverse collection of SHS alumni widely dispersed, with 2 in HI and the rest across North America, with 4 in Canada and 437 in 36 states: 189 in NY, 70 in FL, 21 in NC, 17 in CA and 11 in NJ.

We have a classmate in prison, another possibly on the Atlantic floor. Some have excelled in the military. Others were among the giants of Global corporations, government and academia. And some have been left in the jungles of Vietnam.

We are literary and artistic, public service and small business contributors. We are moms and dads, grandparents and caregivers. Among us are pilots and stewardesses, contractors and mechanics, doctors and dentists, ranch owners and realtors, even an author of western cookbooks. There are nuns and widows, bachelors and divorcees. One is a dropout who went on to MIT and a few PhDs. And ... well, I'm breathless. It is awesome; we feared little, achieved much, loved hard, worked harder, and weathered a few storms and recessions.

Do you have a personal story, one to share for the Dec/Jan SHS 50th REUNION NEWSLETTER? It has been suggested that we select people at random and profile some of our classmate's Profiles and Points of Pride.

The next Newsletter will be a DEC/JAN. If you like, be anonymous or tell us about someone in the class you know and respect ... or just look in the mirror and let it all out. We can help with a little editing.
